90cm 600 Series Induction Cooktop, 5 Zone, Dual Flexi Zone, Melt

600 Series

Black Glass

Create multiple dishes at once with precise, instant-response induction technology and Flexi Zone. Hood to hob lets you pair this cooktop with a compatible Haier rangehood.

- Five cook zones, with dual Flexi Zones that can be paired to make two large cook surfaces
- 'Melt' induction technology provides stable heat even at low temperatures, perfect for melting chocolate.
- Hood to hob connection pairs extraction rate of a linked rangehood to the cook zone power level
- Surface remains cool-to-touch until cookware is placed on it, with instant-response heating
- Wi-Fi enabled for easy control using the SmartHQ™ app

Depth	**520 mm**

FEATURES & BENEFITS

Flexible cooking with dual Flexi Zones

With dual Flexi Zones; each one made by pairing single zones to make a large cook surface. Make gravy in a roasting dish, sear a large cut of meat or grill vegetables on a griddle – Flexi Zones give you even more cooking flexibility.

'Melt' for stable heat

This cooktop has advanced induction technology we call 'Melt', which provides a stable, even heat at low temperatures. Perfect for melting chocolate, softening butter and more.

Intuitive controls

With easy-to-use, multi-slider touch controls, choose from over nine heating settings - plus a boost function for versatile cooking and a child lock for added safety.

Hood to Hob compatibility

This cooktop features linked hood to hob capability, allowing you to pair it with a compatible Haier rangehood via Bluetooth. Once paired, the rangehood will seamlessly match the extraction rate to your cook zone power levels, so you always have the ideal extraction rate.

Easy cleaning

Cleaning is easy thanks to a cooktop that stays cool around your cookware, avoiding baked-on spills. A quick wipe after use will help to keep your cooktop looking pristine.

Matching design

The sleek black aesthetic of this cooktop matches the wider Haier family of appliances, pairing well with a black glass wall oven.
