

10kg + 5kg 600 Series Combi Front Loader Washer Dryer

Combination

White

Choose from a variety of cycles and options including 7 continuous wash-dry cycles for even more convenience. Wi-Fi compatibility puts you in control so you can start and stop cycles when it suits straight from your Smartphone.

- With 13+ innovative cycles to suit any load, including Wool and Allergy wash cycles

- Specialised UV Sanitise option helps to kill bacteria for a more hygienic wash
- Use the right amount of detergent for every wash with Smart Dose technology
- Refresh cycle uses steam to quickly reduce odours and creases using minimal water and energy.
- 5-Star Energy and 4.5-Star Water washer ratings, and 4-Star Energy dryer rating

DIMENSIONS

Height	850 mm
Width	595 mm
Depth	688 mm

FEATURES & BENEFITS

Washer And Dryer In One

With seven continuous wash-dry cycles that cater to different types of fabrics you can just set and forget and come back to clean, dry clothing.

Uv Protect Fabric Care

Our UV Protect feature uses UV light to help kill bacteria, which can be applied at a low wash temperature for long-lasting fabric care.

Intelligent Washing

Simple and easy, Smart Dosing automatically delivers the correct amount of laundry detergent based on your load size and wash cycle.

Smart Sensor-Dry

Auto-sensing technology is designed to sense how much moisture is in your laundry to avoid under or over drying. Full reverse tumble action helps to reduce tangling for a more even dry.

Connected Living

With Wi-Fi connectivity and using the SmartHQ™ app, you can start or stop cycles directly from your smartphone.

Considered Design

Intuitive buttons and LED display on a dark control panel makes it easier to select between wash and dry cycles even in dim light.

Hygienic Environment

With an Antibacterial Treated door gasket and dedicated Drum clean cycle, it is easy to keep your machine clean and hygienic for a fresher wash or dry each time.
