- 4.5-star energy rating

DIMENSIONS

Height	**865 mm**
Width	**940 mm**
Depth	**565 mm**

FEATURES & BENEFITS

Cooling that fits

With frost-free cooling that saves you time and effort, this chest freezer is built to suit your needs. Easily switch between fridge to freezer mode, and set the right temperature from –26°C to 10°C.

Frost-free freezing

Dynamic dual-layer air circulation keeps cold air moving evenly throughout the freezer. This helps items freeze quickly, maintains a consistent temperature, and prevents frost from building up, so you don't need to worry about manual defrosting.

Keeps your freezer fresh

The H-DEO deodoriser helps reduce some food odours, keeping your freezer fresher for longer with no maintenance required.

Stays cold without power

Maintains a cold internal temperature for up to 133 hours during a power cut, helping to keep the contents cooler for longer.

SuperFreeze™ function

Our SuperFreeze™ function quickly lowers the freezer temperature to help preserve the flavour, texture and nutritional value of your food.

Style meets function

With a brushed finish and full-length recessed handle, this model has a clean, modern look. The electronic control panel is easy to use, and two castor wheels make it simple to move when needed.
