

# 285L 500 Series Hybrid Vertical Freezer

Choose a stylish freezer with a twist. This versatile model can be changed to a series of pre-set temperatures from deep freeze to refrigeration.

- Switch between seven pre-set temperatures between -24°C and +6°C for flexible food storage
- Super Freeze™ function freezes fast, to lock in freshness and flavour
- A variety of storage options, including four bins and four shelves

- Choose which way the door opens, for easy access in smaller spaces
- Exterior temperature buttons for convenient, intuitive control at your fingertips

## DIMENSIONS

|        |         |
|--------|---------|
| Height | 1710 mm |
| Width  | 595 mm  |
| Depth  | 675 mm  |

## FEATURES & BENEFITS

### Choose From 7 Temperature Settings

With seven distinct temperature settings between -24°C and +6°C, you can choose the level that's right for your food storage needs. Whether it's preserving delicate desserts or keeping meats fresh, you have the flexibility to freeze items for the long-term or simply chill them until you're ready to use.

### Flexible Storage Space

Your vertical freezer includes four bins, and two easily-removable glass shelves for flexible food storage. The door of the freezer contains two adjustable shelves, providing additional space.

### Lock In Flavour And Nutrients

Our Super Freeze™ function cools down your freezer quickly, helping to preserve flavour, texture and nutritional value in your food for the long term.

### Convenience At Your Fingertips

Easily adjust your freezer's temperature using the sleek external control panel. You can change settings without opening the door, helping to preserve cold air and energy.

### Reversible Door Design

Choose whether you want your freezer to open to the left or to the right, thanks to flexible hinge options.

### Up To 5-Star Energy Rating

This model has a 5-star energy rating when it's in fridge mode and 3.5 stars when it's in freezer mode.
