

9kg 600 Series Heat Pump Dryer, Refresh with Steam

Heat pump technology dries at a lower temperature to look after your clothes, while no venting to outside is needed.

- With 14 dry cycles including Express 30, Wool and Rack Dry
- Boasting an 8-star energy rating
- Shorten your drying time when in a hurry, with the advanced Speed Up option
- Advanced Anti-Tangling Technology uses reverse tumbling on nearly every cycle, significantly reducing tangling of clothes and sheets

DIMENSIONS

Height	845 mm
Width	595 mm
Depth	677 mm

FEATURES & BENEFITS

8-Star Energy Rating

Energy-efficient drying thanks to heat pump technology. Dry at low temperatures to protect clothes from wear.

14 Dry Cycles

With a specialised dry cycle for a variety of fabrics, including Shirts and a Wool cycle that is certified by Woolmark. A drying rack is included for the Rack Dry cycle.

Hybrid Boost Technology

With Hybrid Boost technology you can choose to save time by drying at a hotter temperature, or save energy with a longer dry time – as seen in the Express 30 cycle and the Eco and the Speed Up options.

Refresh Cycle

The short Refresh cycle uses ultrasonic technology that releases steam into the drum – great to refresh clothes that have been folded or stored.

Anti-Tangling Technology

A unique air circulation system and advanced reverse tumbling significantly reduces tangling of clothes and sheets on all dry cycles except Rack Dry. Meanwhile, a pillow drum cushions laundry and helps care for clothes better.

Healthier Living

The high temperature Sanitise dry option ensures dust mites are removed and kills more than 99.99% of bacteria*, for clean, healthy clothes and fabrics.

Wi-Fi Compatibility

This dryer is Wi-Fi enabled, with remote access and future compatibility for smart home appliances thanks to ongoing software updates.
