

272L 300 Series Vertical Freezer

A spacious hybrid model that lets you switch between fridge and freezer modes, with frost-free performance and a reversible door.

- 6-star energy-rated refrigerator and 5-star energy-rated freezer
- Switch between fridge or freezer mode to suit your needs
- Frost-free cooling and SuperFreeze™ function for convenience
- Reversible door with an easy-to-open front handle to suit your space

FEATURES & BENEFITS

One appliance, flexible function

Choose how you want to use it – as a fridge or a freezer. With a 6-star energy rating in fridge mode and 5-star in freezer mode, it's efficient too. Eco mode helps save even more energy, while a child lock adds extra peace of mind.

Fridge or freezer mode

Use the intuitive external control panel to set your preferred mode, with single-degree temperature control from -24°C to 8°C for flexible cooling or freezing.

SuperFreeze™ function

Our Super Freeze™ function cools down your freezer quickly, helping to preserve flavour, texture and nutritional value in your food.

Reversible door with easy-to-grip handle

With a front-mounted assist handle and reversible door, this model is easy to position wherever you need it. Perfect for kitchens, laundries or utility rooms.

Quick access to ice

The manual twist ice maker gives you a handy supply of ice cubes when the appliance is in freezer mode, great for daily use or hosting.

Easy-to-use external controls

Change settings from the sleek LED display on the outside of the door, for added convenience and energy efficiency.

Cooling that's kind

This model uses R600a refrigerant, which is known for its lower environmental impact.
