12kg 300 Series Front Load Washer, Anti-Bacterial Treatment

300 Series

Black

Designed for a full house, this 12kg washer helps you put bedding, towels and the family wash in together. It is rated 5 stars for energy and 4.5 stars for water, while Express 15 and an Extra Rinse option handle both the quick loads and the heavy ones.

- 12kg drum for bedding, towels and the weekly family wash
- 5 star energy and 4.5 star WELS water ratings
- Express 15 washes a small load in 15 minutes, plus Add a Garment mid-cycle
- Extra Rinse for towels and bedding, without a separate wash

DIMENSIONS

Height	**850 mm**
Width	**595 mm**
Depth	**661 mm**

FEATURES & BENEFITS

Big on capacity, big on efficiency

From fresh sheets to the week's towels, the spacious 12kg drum gives family laundry room to go in together. Its 5-star energy and 4.5-star water ratings help make bigger wash days more efficient.

Made to match

Create a considered laundry look with the 12kg washer and 300 Series Heat Pump Dryer. Choose a side-by-side layout, or stack them with the matching kit to make the most of a smaller footprint. Stacking kit sold separately.

Quick for the small stuff

For the school top, work shirt or gym gear that needs a quick wash, the Express 15 cycle takes care of small loads in just 15 minutes, using a shorter cycle and faster wash action. And if something is left behind, Add a Garment lets you pause and reopen the door to add it in.

Skip the second wash

Give towels, bedding and other absorbent items the extra rinse they may need. Extra Rinse adds a second rinse stage before the cycle ends, helping to remove detergent residue for a fresher-feeling finish.

Refresh and care for what you wear

Keep lightly worn clothes and stored linens smooth and fresh with the Refresh cycle, which uses steam to help gently reduce odours and creases while using minimal water and energy. When it is time for a full wash, dedicated programmes care for wool, delicates, bedding, cottons, synthetics and mixed loads.

Built-in care for the washer

Laundry care starts with a washer that is cared for too. Anti-Bacteria Treatment in the door gasket helps keep the area around the seal hygienic, while Drum Clean uses hot water and a high-speed spin to help clear detergent residue.

The world's #1 home appliance brand*

Haier is the world's number one Major Appliance brand*, and has been for 17 years running. With our global network, trusted technology and local expertise, Haier is a name you can rely on. *Source Euromonitor International Limited; Consumer Appliances 2026ed, % unit share, 2025 volume sales data. Major Appliances category is the sum of dishwashers, home laundry appliances, large cooking appliances, microwaves and refrigeration appliances. Volume sales refers to sales in retail channel, builder merchants and construction channel.
