

10kg + 6kg Combi Front Load Washer Dryer

Enjoy the convenience of washing and drying in one with this 10kg + 6kg combi. Stain Treatment helps break down cooking oil marks, supported by dual spray nozzles that help keep the washer clean. Auto Dose ensures the right amount of detergent, while Steam Refresh with UV hygiene freshens and sanitises clothes.

- Enjoy the ease of washing and drying in one, with cycles to care for everyday loads and fabrics
- Stain Treatment helps break down cooking oils for a more effective clean

- Auto Dose adds the right amount of detergent every time, reducing waste and improving wash results
- Keep clothes fresh between washes as steam smooths, odours are reduced and UV light sanitises

DIMENSIONS

Height	850 mm
Width	595 mm
Depth	579 mm

FEATURES & BENEFITS

Two-in-one convenience

Enjoy the ease of washing and drying in one appliance, designed to simplify everyday laundry. With a 10kg wash and 6kg dry capacity plus programs for common fabric types, it delivers effective cleaning and drying without the need for separate machines.

Everyday stain solutions

Stain Treatment is designed to break down cooking oil marks for an effective clean, helping everyday clothes come out looking fresh.

Smart dosing made simple

No more guesswork with detergent. Auto Dose automatically measures and dispenses the right amount for each load, based on size and cycle. It helps reduce waste while delivering consistently better wash results.

Steam freshness and UV hygiene

Take care of clothes between washes with cycles that freshen, smooth and sanitise. Steam Refresh helps reduce creases, Deodorise tackles everyday smells, and UV Sanitise uses light to help eliminate bacteria, leaving your garments feeling clean, cared for and ready to wear.

Essence wash

Essence Wash mixes detergent with water before spraying it onto your clothes. This helps spread detergent more evenly for a thorough, effective clean every time.

Care for your woollens

Our Woolmark Black certified cycle gently washes wool fabrics to help protect delicate fibres, so your favourite pieces stay soft and last longer.

Dual spray rinse

Dual spray nozzles rinse away foam and residue from the door and gasket at the end of each cycle, helping to maintain a fresh, clean washer.
