

672L 600 Series Quad Door Refrigerator Freezer, Ice & Water, Plumbed

With 672L of capacity, a slimline plumbed water dispenser and automatic ice maker, and a 5-star energy rating, this large household fridge includes My Zone™ temperature control and Active Fresh Zone for longer-lasting freshness.

- 672L total capacity keeps fresh food and frozen favourites organised
- Slimline plumbed water dispenser, plus automatic ice in the freezer

- Adjustable 0°C to 5°C My Zone™ compartment for more tailored food care
- Air Fresh Tech cools fridge evenly; Active Fresh Zone keeps produce fresh for longer
- Wi-Fi connected for remote control and helpful alerts through the SmartHQ™ app

FEATURES & BENEFITS

Full house. Fully sorted.

The weekly shop comes home, and everything falls into place. With 672L of capacity, there's room to keep fresh food easy to grab and frozen items neatly stored below. Cantilevered shelves adjust to suit a roast, a sheet pan, or a tall jug, while a slimline plumbed dispenser delivers chilled filtered water on demand. From the outside, four flush doors in fingerprint-resistant black sit flat against the kitchen.

Chilled water and ice on hand

Pour chilled filtered water from the door, while an automatic ice maker in the freezer keeps cubed ice ready for everyday drinks and weekend hosting. Designed flat into the door, the slimline water dispenser keeps the front looking clean and streamlined.

Energy-efficient cooling, built in

With a 5-star energy rating, it's designed to cool efficiently. The inverter compressor adjusts to the way your home changes through the day, working harder on a hot afternoon and easing back overnight to suit the rhythm of the day.

Keep food fresh for longer

The right conditions make all the difference. My Zone™ gives you a temperature-controlled compartment with an adjustable 0°C to 5°C range for ingredients that need more tailored care. Air Fresh Tech circulates cool air throughout the fridge, helping everyday food get more consistent cooling wherever it's stored. In the Active Fresh Zone, humidity is maintained up to 90%, helping preserve fresh produce for up to twice as long*. Fresh groceries are easier to manage through the week. *As certified by VDE N° ID.40046454

Lock in flavour, fast

Super Freeze™ rapidly lowers the freezer temperature, so food freezes faster and forms smaller ice crystals to help maintain texture once thawed. Super Cool helps chill newly added groceries quickly. And with Total No Frost preventing ice build-up, the freezer stays frost-free without the need to defrost.

Clever with capacity

A 2L bottle of milk. A leftover roast still in its dish. With cantilevered hybrid shelving, the fridge flexes around real life, letting you adjust the layout to fit taller bottles, wider dishes and everything in between. Interior LED lighting in the fridge makes every corner easy to see, so fewer leftovers get lost at the back.

Connected with SmarthQ™

With Wi-Fi connectivity, you can pre-cool the fridge before a big shop, get an alert if the door's been left open, or switch modes in the SmarthQ™ app. Whether you're at home or away, you can manage your fridge around your routine.
