

Sensor Vented Dryer, 7kg

White

For hassle-free drying and fewer tangles, this stackable vented dryer uses auto-sensing technology and reverse tumble action.

DIMENSIONS

Height	830mm
Width	600mm
Depth	585mm

FEATURES & BENEFITS

Auto-Sensing Technology

This smart technology helps prevent over or under-drying of your clothes by automatically stopping the cycle once the load is dry.

15 Specialised Dry Cycles

Care for a variety of fabrics with dedicated dry cycles including Towels, Durable and Express 30.

Made To Match

This vented dryer is designed to pair with our matching washing machine, featuring a dark control panel, intuitive buttons, and a clear LED display.

Reverse tumble action

Alternating clockwise and then anti-clockwise, reverse tumble action prevents your clothes from tangling, allowing for a more even dry.

Flexible Installation

With a stacking kit, mounting brackets, and reversible panel decal included, this dryer will fit perfectly with your washing machine, be it a top or front loader. Whether placed side by side, stacked, or wall-mounted, it offers a flexible solution to fit any laundry space.

Dry Clothes, Dry Home

With both front and rear venting options you can dry your clothes effectively, while directing moisture out of your home.

Anti-crease option

Spend less time ironing and more time doing what you love with our Anti-crease option that can be added to any dry cycle.
