

650L 600 Series Side-by-Side Refrigerator Freezer, Ice & Water, Plumbed, In-door

Combining generous capacity with in-door ice and water, this Side-by-Side delivers generous storage with ice and cold water always ready at the door, backed by Haier's Fresher Techs™ to help keep food fresher for longer.

- 650L total capacity with a 60:40 fridge to freezer split
- Plumbed-in water and ice maker, both distributed through the door
- Metal Fresh Tech and Active Fresh Zone keep food fresh for longer

- Super Freeze™ function helps lock in freshness when freezing food
- Wi-Fi connected for remote control and helpful alerts using the SmarthQ™ app

FEATURES & BENEFITS

Fully loaded. Live large.

Ready for a good occasion. 650L of generous capacity with a 60:40 fridge-to-freezer split pairs with plumbed ice and water through the door for everyday convenience. With chilled water, crushed ice and cubed ice on tap, it's ready for busy mornings, family dinners and entertaining alike. Inside, the side-by-side layout keeps fresh and frozen food easy to organise, while the flat door design and recessed handles create a sleek, modern look.

Ice and water at your fingertips

Chilled water, crushed ice and cubed ice are on hand whenever the moment calls for them, thanks to a plumbed in-door dispenser. From busy mornings to family dinners and entertaining, it's a feature you'll use every day.

Energy-efficient cooling, built in

With a 4.5-star energy rating, it's designed to cool efficiently. The inverter compressor adjusts to the way your home changes through the day, working harder on a hot afternoon and easing back overnight to suit the rhythm of the day.

Looks right in any kitchen

A flat door design and recessed handles create a clean, considered look that works easily alongside cabinetry or in open-plan spaces. In Black, the fingerprint-resistant finish brings a modern edge while helping reduce visible marks from everyday use. LED lighting in both the fridge and freezer makes it easy to find what you need.

Crisp produce for twice as long*

We've all opened the crisper drawer mid-week to find the greens have wilted. The Active Fresh Zone drawer keeps moisture levels consistently high inside the compartment, so your fruit and vegetables stay crisp and full of flavour for twice as long* as they would in a regular drawer. *As certified by VDE N° ID.40046454

Lock in flavour, fast

Super Freeze™ rapidly lowers the freezer temperature, so food freezes faster and forms smaller ice crystals to help maintain texture once thawed. Super Cool helps chill newly added groceries quickly. And with Total No Frost preventing ice build-up, the freezer stays frost-free without the need to defrost.

Connected with SmarthQ™

With Wi-Fi connectivity, you can pre-cool the fridge before a big shop, get an alert if the door's been left open, or switch modes in the SmarthQ™ app. Whether you're at home or away, you can manage your fridge around your routine.
