- 4.5-star energy rating

DIMENSIONS

Height	865 mm
Width	940 mm
Depth	565 mm

FEATURES & BENEFITS

Cooling that fits

With frost-free cooling that saves you time and effort, this chest freezer is built to suit your needs. Easily switch between fridge to freezer mode, and set the right temperature from -26°C to 10°C .

Frost-free freezing

Dynamic dual-layer air circulation keeps cold air moving evenly throughout the freezer. This helps items freeze quickly, maintains a consistent temperature, and prevents frost from building up, so you don't need to worry about manual defrosting.

Keeps your freezer fresh

The H-DEO deodoriser helps reduce some food odours, keeping your freezer fresher for longer with no maintenance required.

Stays cold without power

Maintains a cold internal temperature for up to 133 hours during a power cut, helping to keep the contents cooler for longer.

SuperFreeze™ function

Our SuperFreeze™ function quickly lowers the freezer temperature to help preserve the flavour, texture and nutritional value of your food.

Style meets function

With a brushed finish and full-length recessed handle, this model has a clean, modern look. The electronic control panel is easy to use, and two castor wheels make it simple to move when needed.

SPECIFICATIONS

Capacity

Volume	195 L
--------	-------

Consumption

Annual energy consumption	188 kWh
